The Salem Aeropark group consists of two major manufacturing companies Elastomeric Engineers(EE) & Aerospace Engineers Private Limited (AEPL). Elastomeric Engineers was established in the year 1988 to cater the Industrial Oil Fields and Power Sectors in the Non-Metallic components. Ever since the beginning, Elastomeric Engineers has been concentrating in innovating Non-Metallic parts as an opportunity to decrease the Imports of parts done in India for components and assembly. Aerospace Engineers was established in the year 2000 to specifically cater the growing needs of Aviation, Space, Missiles and CIVIL Aircraft requirements. The first variety of part manufactured by Aerospace Engineers was Flameproof Seals, Gaskets, Bellows, Hoses, etc. for helicopter program. Aerospace Engineers then entered in manufacturing of steel braided and un-braided hose assemblies for Hydraulic, Fuel, Hot Air lines, lubricants and pneumatic lines with suitable end fittings. Aerospace Engineers have developed more than about 350 such assemblies for Aircrafts, Helicopters and Rockets. The organization deploys the best of skills, technologies and infrastructure to create industrial equipment that stand out with their precision, performance and reliability.
