REPORT

The NSS unit of NSIT observed World AIDS Day to spread awareness regarding AIDS, call for an increased response to move towards and speak out against HIV stigma following the theme of **World AIDS Day 2020**, which is “End inequalities, End AIDS”. The NSS volunteers shared facts and medically accurate information about HIV and AIDS. Dr.Jayakumar MBBS senior assistant surgeon, government primary health centre, Kadayampatti elucidated the symptoms of HIV and treatment of AIDS in his speech. AIDS awareness slogans ‘Let’s Stop HIV Together’, ‘Open your eyes before AIDS closes them etc resonated through the air. A poster-making competition was also organized in which the student-teachers prepared descriptive posters and made videos demonstrating their posters. These videos were shared through online modes in order to spread knowledge about HIV myths and promote its prevention.

On this occasion, students also presented their PowerPoint presentation in order to give message about AIDS awareness. Badges were also distributed during the event in order to spread awareness about this disease. Principal Dr.V.Munusami appreciated the efforts of the students and faculty members for organizing such social awareness events.

REPORT ON BLOOD DONATION AND HEALTH AWARENESS

Our college NSS unit conducted online awareness Health awareness programme on "blood donation and benefits" for our students on 07.04.2021. Dr. Jayakumar MBBS senior assistant surgeon, government primary health centre, Kadayampatti invited as chief guest for this programme. The welcome address was given by Dr. V. Munusami, principal, Narasu's Sarathy Institute of Technology. In this welcome address, he insisted the students to utilize the Blood donation camp properly. After the welcome address the floor handovers to chief guest.

In chief guest speech, he encouraged the audience to donate blood periodically and he stated that blood donation is a great Gesture to help the needy people or those who are in need of the blood. He advised the students, there are many health issues which remain silent until it is in late stage. We do not easily notice the early warning signs of health conditions such as hypertension, cancer, diabetes, kidney problems, and so on. If you want to become a donor then it is your responsibility to take care of yourself and ensure that you are not spreading any diseases.

Additionally he advised to take vaccination for covid-19 and gave some awareness on AIDS. Finally he concluded with blood donation will help for stimulate blood cell production, weight loss, maintain healthy heart & liver and anti-cancer benefits. The students are interacted and clarified their doubts with the resource person. The session ended with vote of thanks.
